**CALFED Coordinated Activities Team**

*June 15, 2006*

# Opening Message

- Implementing agencies recognize the importance of the coordinated actions to the success of CALFED
- Agencies will continue to implement coordinated actions according to ROD commitments and CALFED principles

# Team Goal

- Help CALFED agencies develop common and useful reporting methods that track implementation of CALFED ROD commitments for coordinated actions

# Definition

- CALFED program elements that generally have an indirect link to the problems and solutions in the Delta, but contribute to the overall success of the CALFED Program

# Coordinated Actions

- Water Use Efficiency
- Water Transfers
- Watershed Management Element
- Groundwater Storage
- New Treatment Technology Pilots
- Drinking WQ Source Improvement Grants
- Tribal Coordination\*
- Environmental Justice\*
- Working Landscapes\*
- Science\*

\*Rather than stand-alone actions that must be implemented, these items are critical to the *manner in which the other* actions are implemented.

# Key Milestones
